

Return Policy

Store Sales

Optics

We sell only the highest quality optics in our store. Scopes are inspected before being offered to the public (Nightforce Scopes are shipped factory sealed with Nightforce inspection sticker and normally opened in front of the customer).

Your total satisfaction is very important to us. High-end rifle scopes are complex and require the user willingness to learn how to use them properly. Take advantage of our unlimited technical support or call the manufacturers if you have doubts and make sure that you are buying the right scope before installing it or having it installed. If the scope your bought was not installed and you change your mind, please do not install it or tamper with it, re-package it on its original box and packaging and contact us for a return.

The Scopesmith provides full refund in all returns of scopes in NEW condition (not installed or tampered with) if they are returned in the original packaging and with all the original contents within 5 business days of the purchase. We will assess a 20% re-stocking fee for scopes that have being mounted, whose turrets have being disassembled, or missing components. We inspect under magnification the tube, glass and turret screws in any returned scope. The Scopesmith reserves the right of refusing to issue a refund if the scope is negligently damaged. For our customer's protection, we will not re-sell any scope that is not new. Returned damaged or mounted scopes will cause us losses only partially offset by the re-stocking fee.

Reloading Equipment

We sell only the highest quality, factory new, reloading equipment in our store. The Scopesmith provides full refund in all returns of reloading equipment in NEW condition (not installed or tampered with) if they are returned in the original packaging and with all the original contents within 5 business days of the purchase. Reloading components sales (powder, primers and bullets) are final.

Firearms

All firearms and ammunition sales are final.

By completing your purchase and leaving the store with your new equipment you agree to the terms of this Policy.
